Summary

Senior Machine Learning Engineer with 5+ years of experience building NLP systems, predictive models, and scalable machine learning pipelines using Python, PyTorch, and Scikit-Learn.

Technical Skills

Python, PyTorch, TensorFlow, Scikit-Learn, Pandas, NumPy, SQL, Docker, FastAPI, NLP, Git, Data Analysis

Work Experience

Machine Learning Engineer — TechCorp (2021 - Present)
Developed NLP text classification and recommendation models achieving 92% precision. Designed scalable REST APIs using FastAPI and deployed models with Docker.

Education

B.S. in Computer Science — University of California (2017 - 2021)
